

The 2011/2012 COOL CAT Student Winter Season Ski/Ride Pass & Fundraiser Program Coordinator F.A.Q's

I am interested in a Wildcat Mountain discount or free 2011/2012 season pass, helping to raise funds for my school, and being a Cool Cat Coordinator Contact for my SAU or private school/educational institution, what does it involve?

To be eligible, you must coordinate & distribute Cool Cat season pass information to the school(s) and be available to answer questions when necessary. You must also collect the minimum 20 orders to qualify for a half-price adult Granite season pass (\$399.50) or minimum 35 orders for a FREE adult Granite season pass, be sure payment and liability forms are included, and submit collectively by indicated deadline dates.

Who is eligible to purchase a Cool Cat student season pass?

All students within a SAU or private school/educational institution are eligible to purchase a \$149 Cool Cat Student 2011/2012 winter season pass.

Who do the check payments get made to?

All checks or money orders must be made out to 'Wildcat Mountain Ski Area' and attached to order form when collective orders are submitted.

When do I have to send collected season pass orders in by?

The Coordinating contact person must collect orders (including a signed parent liability form & attached payment) from parents/students and collectively submit orders to Wildcat Mountain before November 1 in order for season passes to be processed before scheduled opening day. Orders collectively submitted after November 1 and received no later than December 1 will not be processed until December 15 and students will not be able to ski or ride until that time.

I am the SAU or collective educational contact, when will my school or organization receive the \$10 rebate for every season pass sold?

The rebate amount will be totaled after all collective season pass orders have been processed and all payments have cleared. Within 60 days from that time, Wildcat Mountain will send a check for the total amount to the SAU Superintendent's or collective educational office. It will be the responsibility of Superintendent's or private school/educational institution's administration office to distribute funds to individual schools or organizations.

I'm a Cool Cat Coordinator Contact, when can I purchase my half-price or pick up my FREE season pass?

Contact persons should fill out and include a season pass order form (and include payment for half-price pass or indicate complimentary pass) and include a signed liability form when they submit the minimum 20 or 35 required student pass orders. The coordinators pass will be issued when student passes have been processed and all payments have cleared.

Can I assign my half-price or complimentary season pass to someone other than me?

Yes, complete and submit the season pass order as you would for yourself, but write the person's name and information and include their signed liability form (and payment for half-price pass) when minimum 20 or 35 required student pass orders are submitted.

How do I become a Cool Cat Coordinator Contact Person? What if I have a question that isn't answered here? Who do I contact at Wildcat Mountain?
